

Patch panel MK 24/8

for 24 modules with Keystone fitting

shielded / unshielded

Dust shutters in various colours

Patch panel MK 24/8

Description

Shielded 19"/1U patch panel for up to 24 RJ45 modules (shielded and/or unshielded).
Anodised aluminium, silver, and light grey plastic, similar to RAL 7035.
Snap-in modules can be easily fitted into the patch panel.
The patch panel is supplied with dust shutters and labelling fields.
The dust shutters can be individually replaced. Delivery without modules.

Applicazione

Suitable for the following Datwyler modules:
- RJ45 module MS-C6A 1/8 Cat.6A 180°-K (Keystone), shielded
- RJ45 Keystone coupler, shielded, Cat.6 Link / Class E, 180 degree (straight)

Proprietà elettriche

EMC shielded
