

FTTH inhouse installation kit

Cable & data outlet, preassembled

FTTH surface-mount data outlet with LC/APC connections and FO Inhouse cable on cardboard drum in carton

Description

FTTH surface-mount data outlet for indoor installation, 80 x 80 mm, with LC/APC connections. Very thin FO Inhouse cable with 2 or 4 single-mode fibres, terminated with LC/APC connectors at one cable end. The cable is already connected to the LCD/APC adapters within the data outlet. Comes on cardboard drum in carton. Delivery with measurement report.

Application

Suitable for Fibre to the Home (FTTH) indoor cabling applications. Typically used for connections between building entry point (BEP) and the consumer's home.
